#### **New Church Starts, the Future of our Church**

“Churches that love their models more than their mission will die.” Carey Nieuwhof

Some researchers are suggesting that it's time for the 21 century churches to shift their approach to ministry. What will the future church be like? While no one's sure of what's ahead, talking about it and exploring new approaches to ministry can position us for impact in a changing world. This webinar we will explore the future of the church through the lens of church planters inside the United Church of Christ. Come ask questions and hear some of the cutting-edge approach to ministry that's being taken by our church planters.
